

Creation of node red service on IBM cloud

The screenshot displays the IBM Cloud Developer console interface for a service named "Node RED LWTBX 2022-11-16". The interface is divided into several sections:

- Details:** A table showing key information about the service:

Field	Value
App URL	http://159.122.183.122:30786
Source	https://us-south.git.cloud.ibm.com/sahuldavid7/NodeREDLWT...
Resource group	Default
Deployment target	mycluster-free
Created	11/16/2022
- Services:** A section for managing services, currently showing "Cloudant" with links to "Open dashboard", "Documentation", and "API reference". It also includes a "Credentials" dropdown and buttons for "Connect existing services" and "Create service".
- Deployment Automation:** A section showing the deployment process. It includes fields for "Name" (NodeREDLWTBX2022-11-16), "Location" (Dallas), and "Tool integrations". Below this, it lists "Delivery Pipelines" with two entries: "ci-pipeline" (Status: Success) and "pr-pipeline" (Status: No stages detected).
- Getting started quickly:** A sidebar on the right providing a quick guide to configuring the app. It includes steps for connecting services, downloading code, and deploying the app.

The bottom of the screen shows a status bar with the text "Waiting for 684d0d48.akstatio..." and a blue "ASK A QUESTION" button.
